American Preparatory Education Foundation (APEF) is a non-profit organization that provides energy, focus, and expertise as it raises funds for capital improvements, program enhancements, and scholarships to students, parents, and educators connected with American Preparatory Academy (APA) schools. The foundation's mission is to enhance the APA experience for our students and to provide that experience for an increased number of students and families. The Foundation oversees fundraisers and events to enhance both APA and community relations and to also reach APA schools financial goals. The Foundation also manages the [Teaching Excellence Fund](#), which focuses on closing the teacher funding gap between APA and local public schools.
